Ed-

Great talk this morning on physician compensation! Very useful information.

You next to last slide referenced some “useful resources” that you suggest that we review. Would you post that to this listserve? I think there would be wide interest regarding that.

Thanks-
Jesse

Agree great talk Ed! It would be nice to present at a FIT/early career session as well in the future as the talk not only was about compensation but also the need for our advocacy efforts.

Thanks. As David May has noted, they should be available through the ACC App, but I have attached here as well (in the ACC's version of Power Point format - may need to be reformatted). It includes the survey results that many of you were kind enough to respond to so quickly. - Ed
